

I agree with:

- Retention of code testing for Extra
- Revamping of the entry level license

I disagree with:

- Free upgrades
- Removal of code test from General
- Widening of 'phone bands
- HF access with no code test

I support FISTS petition RM-10811.

If you do not keep at least these requirements, you run the risk of turning this great hobby into another Citizens Band mess. If someone has a physical disability that makes it impossible for them to use Morse Code, then let them present a Doctor's proof and exempt them from Morse Code for HF privileges. If they just do not want to put forth enough effort to learn Code, then the hobby doesn't need them anyway.
